

About The Sand Creek Group, Ltd.

The Sand Creek Group, Ltd. is a women-owned small business specializing in providing full range Employee Assistance Programs. Employee Assistance services address employee personal and work related problems. We take employee problems out of the workplace and into the office of trained professional counselors. The reputation of The Sand Creek Group, Ltd was built on its strong dedication to serving people and to creating employee assistance programs that focus on meeting the specific and unique needs of our clients and customers. Our services are delivered through a vast integrated provider network of over 8,000 top quality professional counselors. Our services are administered nationally yet delivered locally. This model allows for the highest standard of professional counseling, face-to-face care, easy access to service for employees and the development of a personal local relationship between our providers and locally stationed supervisors and managers.

Our counselors are highly credentialed and experienced. Each one of our employee assistance counselors holds at least a Masters Degree, many have Ph.D.s, required licenses and state certification to practice and many years of experience. The average Sand Creek Counselor has over 15 years experience.
